## ABOUT THE INSTITUTE:

Hindi Mahavidyalaya (Autonomous & NAAC Reaccredited and affiliated to Osmania University) is one of the renowned educational institutions in India that provides quality education to the student's community since 1961. The institution has imparting high quality, innovative and industry integrated skill based education in the emerging areas of Arts, Science, technology, Commerce, Management and Vocational programmes.

The College provides world class state-of-the-art infrastructure and facilities and dedicated to the principle that its educational services and faculty should be both supportive and challenging, distinguished by creative and interactive learning experience for each student. In order to make the students employable, various corporate and non-profit organizational personnel are invited to give hands-on experience of the corporate world. In addition to the regular curriculum, special training by professional bodies is provided to equip the students with professional skills such as presentation skills, debating, group discussions, team work and leadership skills which enable them to get suitable jobs in the corporate world.

## ABOUT THE CONFERENCE:

Over the last three decades many economies have gained rapid economic development. However, it is noteworthy that the growth has not benefited within the economy equally leading to imbalanced society. With the recent economic crisis and problems in different parts of the world, it appears that growth models of different countries are not sustainable. Further, economists and policy makers ponder the question of whether there involves a trade-off between economic growth and sustainable development.

At the Global level all the countries are required to formulate the new strategies and plan of action for the coming 5 years to strengthen the economic growth and development due to the implications of COVID-19. The major and immediate challenge of the current century is to generate inclusive, balanced growth. In order to create a better and sustainable future, Governments, Corporate and NGOs need to work collectively and playing their respective roles most effectively.

In this backdrop, to provide a stimulating platform for academicians and practitioners to reflect, deliberate, and suggest measures that are needed both at macro and the micro levels to elevate India and other backward economies to higher and sustained growth. Hindi Mahavidyalaya is organizing the National conference on "Emerging Trends in Economic Growth and Sustainable Development: Impact of COVID-19" on 30th June 2021.

## Objectives of the Conference:

1. To provide a forum to scholars, professionals, academicians and other group of society to share knowledge and experience on Emerging Trends in Economic Growth and Sustainable Development: Impact of COVID-19
2. To equip the participant to enhance the analytical knowledge and formulating effective economic strategies for the growth and development of the economy.
